## Emad Mikhail, MD, Physician with Irvine Internal Medical Group, to Offer the Hybrid Choice™ Concierge Program from Concierge Choice Physicians

*Patients receive an enhanced practice experience with more time, support and a one-to-one connection with their physician*

**ROCKVILLE CENTRE, NY – July 7, 2026 –** Concierge Choice Physicians (CCP), the nation's leading full-service concierge medical service provider, announces that Emad Mikhail, MD, an internist with the private practice Irvine Internal Medical Group in Irvine, CA, is now offering the company's Hybrid Choice™ program, an enhanced service that gives patients peace of mind with greater support, service and connectivity between doctor and patient.

Dr. Mikhail is part of a growing number of healthcare providers in California and across the country to offer a Hybrid Choice membership program through CCP. The model is unique because it allows physicians to continue to care for all their patients. Membership is not required, it is simply an option for those who want more time, enhanced service, medical advocacy, continuity of care, and a closer doctor/patient relationship.

"What stands out to me about my Hybrid Choice program is the depth of the physician-patient relationship it makes possible," said Dr. Mikhail. "Patients appreciate having more availability, personalized attention, and the reassurance that their healthcare is truly centered around them. At a time when many people feel disconnected from the healthcare system, I'm excited to offer my patients the option for a more personal experience."

Membership benefits include: Easy to secure same-day/next-day appointments, longer appointment windows so that multiple issues can be addressed in one visit, easy ways for members to connect with Dr. Mikhail after hours, enhanced medical advocacy with specialists and other healthcare providers, a dedicated staff with a focus on service, and a greater emphasis on preventive health and wellness coaching, along with a comprehensive annual exam with customized screenings for each patient.

Dr. Emad Mikhail's medical practice Irvine Internal Medical Group is located at 22 Odyssey, Suite 140, Irvine, CA. His Hybrid Choice program is available for an annual membership fee.
